7. Using the Alexa

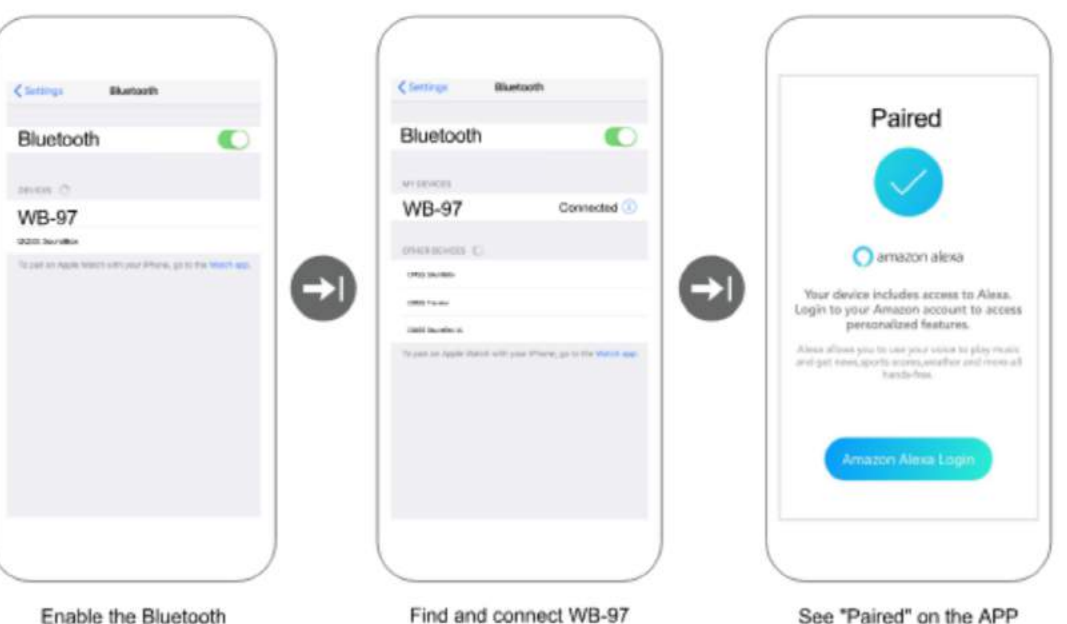

1 Charging the WB-97

The WB-97 comes pre-charged, but you may need to charge it if it is on low battery, please use the included cable or a cable from a qualified manufacturer. It will take 2-3 hours to fully charge. Charging indicator is located between line in and charging port.

2 Search DOSS E-go to download the app from App Store (iOS devices) from Google Play (Android devices).

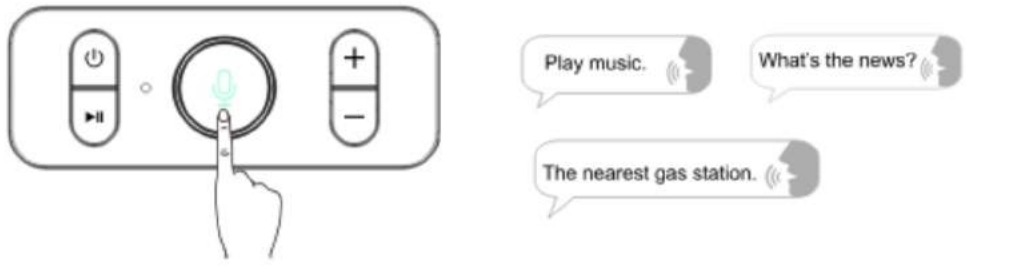

3 Pairing with smart device

Enable the Bluetooth → Find and connect WB-97 → See "Paired" on the APP

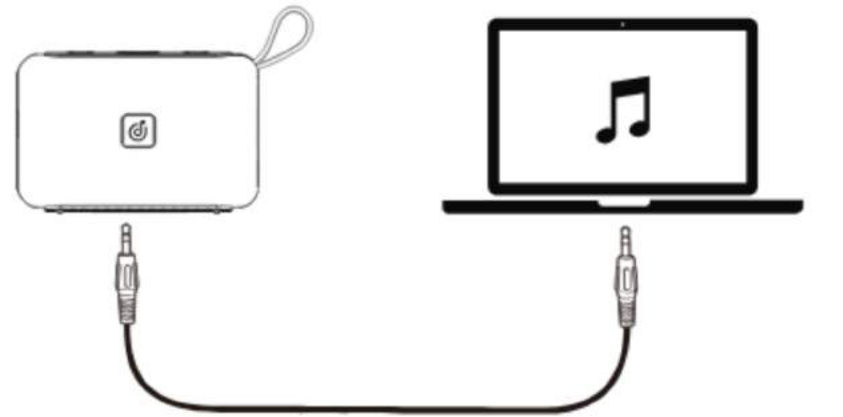

4 Go back to the APP and follow the on-screen instructions to login with your Amazon account.

- Press the button "Wake up voice service" to activate the voice service.
- Press the button "Wake up voice service" every time first before asking your request.
- If the WB-97 slow response to commands, check if your network works well.
- When playing via line in or Micro SD card, the voice service can not be work.
- To know more skills with Alexa, go to www.amazon.com/MeetAlexa.

5 Connect your device with the speaker via aux cable

- When using the line in mode, control audio playback via the connected device.
- When aux cable plugged, play mode will automatically switch to line in mode.

6 Play music from a Micro SD card

Card capacity: should be 32G or below, if your Micro SD card is larger than 32G, format it to FAT32 or FAT.

Support files: MP3, FLAC, WAV, WMA.

Play in order: music will play in the download/copy order.

- The Micro SD card should be inserted as seen in the diagram above.
- When the Micro SD card is inserted, the play mode will automatically switch to Micro SD card mode.
